### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The most relevant of the newly cited prior art contained in applicants two IDS filings is believed to be Matsumoto, US 3,983,276, particularly the embodiments set forth in Figure 2 and the corresponding sections of the disclosure. The reference, however, is believed to be fatally deficient in that layer 6 which comprises a magnetic layer that includes a binder and a ferromagnetic powder does not correspond to, i.e., render obvious applicants first adhesive layer that possesses a certain adhesive strength. Additionally, the Examiner believes that there is no motivation to combine this reference with a suitable secondary reference to provide this missing element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Zirker whose telephone number is (703)308-0031.

The fax number for sending information is 703-305-7718 or 305-3601.
